STAMPS AND THE STAMPS THAT DEPICT THEM

Multiple 'Mothers' on one 'Offspring.' The following example raises the stakes to seven 'Mothers.'

• 'Mother'
UNITED STATES - 1861
(Benjamin Franklin)

This Upper Volta 'C'fspring' chose a unifying theme for its 1976 issue: seven 'Mother' stamps related to the U.S. Bicentenary (1776-1976). However, what is curious is that Andrew Jackson (bottom right) was only nine-years old in 1776, and that Zachary Taylor (above center) wasn't even born until 1784! Curious indeed.
